These General Provisions, the Specifications, the Invitation to Bid/Quote form and any attachments, constitutes the bid document, and will be considered as one document.

1. Laws and Regulations

The contractor shall comply with all applicable laws and regulations pertaining to this contract. In addition, the contractor shall ensure that any subcontractor performing this contract shall comply with all applicable laws and regulations pertaining to this contract.

2. Acceptance

The City reserves the right to reject any or all quotations, to waive any technicalities and informalities, and to accept or reject all or any part of this quotation at prices shown.

All bids/quotes must remain open for acceptance by the City for a period of at least 60 calendar days from the date of opening of the bids/quotes, unless otherwise stated.

3. Bid/Quote Submittals

Bids and quotes shall be submitted on the attached forms only. Extra pages and literature may be added to this package; however, the package shall be returned intact as received.

All prices and notations must be typewritten or written in ink, with no erasures permitted. Mistakes may be crossed out and corrections written adjacent thereto, and must be initialed in ink by person signing quotation. Verify your quotations before submission, as they cannot be withdrawn or corrected after being opened.

If applicable, unit prices for all items, all extensions, and the total amount of bid or quote must be shown. In the instance of a discrepancy between the unit price and the total price, the unit price shall govern. Any pricing, configuration, or other errors discovered after bid/quote opening or quotation due date must remain and cannot be adjusted.

4. Change Orders

Change Orders for material or services will be without effect unless issued and authorized in writing by the Purchasing Manager.

5. Quality Standards

The brand names listed indicate the standard of quality required. Brands of equal quality, performance and use will be considered, provided the offeror specifies the brand, model and other data for comparison with their bid/quote. The City of Yakima will be the sole judge for approving other brands offered as equals to the brand specified. Bidders shall indicate if they are offering alternate brands in the space below each item and must provide descriptive specifications explaining the merits of the substitute item.

6. Delivery

Time is of the essence and this order is subject to cancellation by the City of Yakima for Vendor's failure to deliver on time. For any exception to the delivery date specified in this order, Vendor shall give prior written notification and obtain written approval from the City. The acceptance by the City of later performance with or without objection or reservation shall neither waive the City's right to claim damages for such breach nor constitute a waiver of the requirements for the timely performance of any obligation remaining to be performed by Vendor. All quotations shall include delivery F.O.B. destination, freight pre-paid, unless otherwise stated in this "Bid Call" or "Invitation to Quote" at the designated address set forth in the proposal given to each bidder. When shipping addresses specify room identification, Vendor shall make such delivery thereto without additional charge. If the City grants specific authorization to ship goods F.O.B. Shipping Point, Vendor agrees to prepay all shipping charges, route the goods by cheapest common carrier, and bill the City as a separate item on the invoice for said charges. It is also agreed the City reserves the right, at its sole option, to refuse COD Shipments.

7. Identification

The purchase order number shall appear on all invoices, packing lists, packages, shipping notices and other written documents relating to this order. Packing lists shall be enclosed in each and every box or package shipped pursuant to this order, indicating the content therein.

8. Payment

Vendor is to submit properly completed invoice(s) and mail to: *City of Yakima, Accounts Payable, 129 No. 2nd St., Yakima, WA 98901*

To insure prompt payment, each invoice should cite purchase order number, bid/quote number, description of item purchased, unit and total price, discount terms and include the vendor's name and return remittance address. Payment will be mailed within thirty (30) days of (a) the receipt and acceptance of the product or service and (b) a properly completed invoice.

9. Risk of Loss

Regardless of the F.O.B. Point specified above, Vendor agrees to bear all risk of loss, injury, or destruction of goods ordered herein which occur prior to actual physical delivery to the City, and such loss, injury, or destruction shall not release Vendor from any obligation hereunder.

10. Force Majeure

Vendor will not be responsible for delays in delivery due to acts of God, fire, Strikes, epidemics, war, riot, delay in transportation or railcar transport shortages, provided vendor notifies the Purchasing Manager immediately in writing of such pending or actual delay. Normally, in the event or any such delays (acts or God, etc.) the date of delivery will be extended for a period equal to the time lost due to the reason for delay.

11. Rejection

All goods and any services purchased in this order are subject to approval by the City. Rejection of goods or services, resulting because of nonconformity to the terms, conditions, and specifications of this order, whether held by the City or returned, will be at Vendor's risk and expense.

12. Approximate Quantity

The quantities listed are the City's current approximate requirements. The City of Yakima will neither be obligated by, nor restricted to, these quantities and may increase or decrease any item(s) ordered under this contract and pay according to the unit prices quoted in the Bid/Quote. If it is agreeable to both parties and prices have not changed and the same unit/materials are still available, additional units/materials may be ordered within 12 months of the signing of the original agreement.

13. Cooperative Purchasing

The Washington State Interlocal Cooperative Act RCW 39.34 provides that other governmental agencies may purchase goods or services on this solicitation or contract in accordance with the terms and prices indicated therein if all parties agree. The City does not accept any responsibility or involvement in the purchase orders or contracts issued by other public agencies.

14. Samples

Samples of items, when required, must be furnished free of expense to the City, and if not destroyed by tests will, upon request, be returned at the bidder's expense.

15. Inspection

Cost of inspection on deliveries or offers for delivery, which do not meet specifications, will be for the account of the vendor.

16. Hazardous Materials

If this order covers goods, which include hazardous chemicals, Vendor shall, at the time of product delivery, provide the City with copies of Material Safety Data Sheets for such chemicals. These sheets shall be in the form then required by applicable law or regulation (See WAC 296-62-05413). This requirement shall be in addition to whatever other requirements are imposed by law or regulation.

17. Public Disclosure

Proposals shall become the property of the City. All proposals shall be deemed a public record as defined in RCW 42.56 "Public Records." Any proposal containing language which copyrights the proposal, declares the entire proposal to be confidential, declares that the document is the exclusive property of the Vendor, or is any way contrary to state public disclosure laws or this RFP will be declared non responsive and removed from consideration. Any information in the proposal that the successful Vendor desires to claim as proprietary and exempt from disclosure under the provisions of RCW 42.56 must be clearly designated as described in Section Proprietary Information. The particular exception from disclosure upon which the Vendor is making the claim and the RFP page it is found on must be identified. RFP's will not be disclosed prior to release to potential respondents. With the exception of lists of prospective Vendors, the City will not disclose RFP records until execution of the contract(s). At that time, all information about the competitive procurement will be available with the exception of: Proprietary/confidential portion(s) of the successful proposal(s), until the Vendor has an adequate opportunity to seek a court order preventing disclosure. The City will consider a Vendor's request for exemption from disclosure; however, the City will make a decision predicated upon RCW 42.56.

18. Warranties

Vendor warrants that all goods and services furnished under this order are new, conform strictly to the specifications herein, are merchantable, good workmanship, free from defect, are fit for the intended purpose of which such goods and services are ordinarily employed and if a particular purpose is stated in a Special Condition, the goods are then warranted as for that particular purpose. Vendor further warrants that no violation of any federal, state or local law, statute, rule, regulation, ordinance or order will result from the manufacturer, production, sale, shipment, installation or use of any other goods. Vendor's warranties (and any more favorable warranties, service policies, or similar undertaking of Vendor) shall survive delivery, inspection, and acceptance of the goods or services.

19. Re-Award

When the contract is terminated by the vendor upon 30 days notice as herein provided, the City, pursuant to City ordinance, may re-award the contract to the next most responsible bidder.

When a vendor is unable to supply goods and/or services to the City and is in breach of the contract, or when the contract is terminated by the City for cause as herein provided, the City reserves the right to re-award the contract to the next most responsible bidder.

20. Errors and Omissions

The City reserves the right to correct obvious ambiguities and errors in the Bidder's proposal and to waive non-material irregularities and/or omissions. In this regard, if the unit price does not compute to the extended total price, the unit price shall govern.

21. Late Receipt of Bid/Quote Documents

Bids and/or quotations and modifications received after the exact hour and date specified for receipt of bids and/or quotations will not be considered (i.e. if bid was due by 2:00 PM, any bids received after 2:00:00 PM will be rejected).

22. Licenses

If applicable, successful vendor shall have a valid and current business license per Chapter 5.02 Section 5.02.010 of the Yakima Municipal Code covering this type of business and shall satisfy all applicable City Code provisions. Said license shall be obtained prior to the award of any contract. Inquiries as to fees, etc., should be made to the Office of Code Administration, telephone (509) 575-6121.

In addition, Contractors are required to be registered by the State per Chapter 18.27 of the Revised Code of Washington and their registration number must be listed on the bid/quote.

23. Delivery of Unapproved Substitutions

Vendors are authorized to ship only those items ordered covered by the contract. If a review of orders placed by the City reveals that an item other than those covered by and specified in the contract have been ordered and delivered, the Purchasing Manager will take such steps as are necessary to have the item(s) returned to the contractor at no cost to the City regardless of the time lapsed between the date of delivery and discovery of the violation. Violation of this clause may result in the removal of the offending vendor's name from the City mailing list for a period of up to three (3) years.

24. "No Bids"

Vendors who are unable to or do not wish to submit a bid and are encouraged to respond by notating their bid "NO BID" on page one of the "BID CALL" and mailing it to the City of Yakima Clerk's Office, 129 North 2nd Street, Yakima, Washington, 98901, with the Bid/Quote due date and time written on the

face of the envelope. It is the City's practice that if no response to a bid is received by a vendor after two consecutive mailings, the vendor will be deleted from our vendor's mailing list for that type of commodity item.

25. Non-Collusion

The Bidder represents, by the submission of the Proposal, that the prices in this bid/quote are neither directly nor indirectly the result of any formal or informal agreement with another bidder.

26. Evaluation of Bid/Quote

In the evaluation of otherwise responsible bids/quotes, the Bidder's experience, delivery time and responsibility in performing other contracts will be considered. In addition to price, the following may be considered:

- I. The ability, capacity and skill of the bidder to perform the contract and provide the services required.
- II. Whether the bidder can perform the contract or provide the service promptly, or within the time specified, without delay or interference.
- III. The character, integrity, reputation, judgement, experience and efficiency of the bidder.
- IV. The quality of performance of previous contracts or service.

- VII. The quality, availability, and adaptability of the supplies or contractual services to the particular use required.
- VIII. The ability of the bidder to provide future maintenance and service for the use of the subject of the contract.

27. Taxes

The City will pay sales and use taxes imposed on goods or services acquired hereunder as required by law. The City is exempt from Federal Excise Tax. Where applicable, the City shall furnish a Federal Excise Tax Exemption certificate.

28. Non-Discrimination

During the performance of this Agreement, Contractor shall not discriminate in violation of any applicable federal, state and/or local law or regulation on the basis of race, color, sex, religion, national origin, creed, age, marital status, disability, honorably discharged veteran or military status, pregnancy, sexual orientation, political affiliation, or the presence of any sensory, mental or physical handicap, and any other classification protected under federal, state, or local law. This provision shall include but not be limited to the following: employment, upgrading, demotion, transfer, recruitment, advertising, layoff or termination, rates of pay or other forms of compensation, selection for training, and the provision of services under this Agreement.

29. The Americans With Disabilities Act.

With regard to the services to be performed pursuant to this Agreement, Contractor agrees to comply with the Americans With Disabilities Act of 1990, 42 U.S.C. § 12101 et seq. (ADA) and its implementing regulations, and Washington State's anti-discrimination law as contained in RCW Chapter 49.60 and its implementing regulations. The ADA provides comprehensive civil rights to individuals with disabilities in the area of employment, public accommodations, state and local government services, and telecommunications.

30. Assignment. This Agreement, or any interest herein, or claim hereunder, shall not be assigned or transferred in whole or in part by the Contractor to any other person or entity without the prior written consent of the City. In the event that such prior written consent to an assignment is granted, then the assignee shall assume all duties, obligations, and liabilities of Contractor as stated herein.

31. Termination - Convenience

This contract may be terminated by either party by giving thirty (30) days written notice of such intent and will become effective thirty (30) days from the date such written notice is delivered to the applicable party to the contract.

32. Termination - Cause

The City reserves the right to terminate this contract at any time, upon written notice, in the event that the services of the Contractor are deemed by the City to be unsatisfactory, or upon failure to perform any of the terms and conditions contained in this agreement. In addition to the foregoing right of termination, the City may terminate this contract, with or without cause, upon thirty (30) days written notice to Contractor.

33. Delay of an Award

If, after bid/quote opening, administration problems threaten to delay award beyond the bidder's acceptance period, bidders shall be requested to extend the bid/quote acceptance period. This request must be made and confirmed in writing prior to the expiration date of their bids/quotes (with consent of sureties, if any) to avoid the need to re-advertise.

34. Venue

In the event that any litigation should arise concerning the construction or interpretation of any of the terms of the Agreement, the venue of such action of litigation shall be in the Courts of the State of Washington in and for the City of Yakima. This Agreement shall be governed by the laws of the State of Washington.

35. Defense and Indemnity Agreement

The vendor agrees to defend, indemnify and save harmless the City, its appointed and elective officers and employees, from and against all loss or expense, including but not limited to judgements, settlements, attorney's fees and costs by reason of any and all claims and demands upon the City, its elected or appointed officials or employees for damages because of personal or bodily injury, including death at any time resulting therefrom, sustained by any person or persons and on account to damage to property including loss of use thereof, whether such injury to persons or damage to property is due to the negligence of the Vendor, his/her subcontractors, its successor or assigns, or its or their agent, servants, or employees, The City, its appointed or elected officers, employees or their agents, except only such injury or damage as shall have been occasioned by the sole negligence of the City, its appointed or elected officials or employees. It is further provided that no liability shall attach to the City by reason of entering into this contract, except as expressly provided herein.

36. Permits

The vendor shall procure and pay for all permits and licenses necessary for the completion of the Contract, including those permits required by the City of Yakima. In the event a necessary permit is not obtained, the Vendor will not be permitted to work on items subject to said permit and any delays caused thereby will not be subject to extra compensation or extension.

37. Severability

If any term or condition of this contract or the application thereof to any person(s) or circumstances is held invalid, such invalidity shall not affect other terms, conditions or applications which can be given effect without the invalid term, condition or application. To this end, the terms and conditions of this contract are declared severable.

38. Waiver

Waiver of any breach or condition of this contract shall not be deemed a waiver of any prior or subsequent breach. No term or condition of this contract shall be held to be waived, modified or deleted except by an instrument, in writing, signed by the parties hereto.

39. Entire Agreement

This written contract represents the entire Agreement between the parties and supersedes any prior oral statements, discussions or understanding between the parties.

40. Protest Procedure

Any protest must be made in writing, signed by the protestor, and state that the vendor is submitting a formal protest. The protest shall be filed with the City of Yakima's Purchasing Manager at 129 No. 2nd St., Yakima, WA 98901, faxed to 509-576-6394 or emailed to sownby@ci.yakima.wa.us. The protest shall clearly state the specific factual and legal ground(s) for the protest, and a description of the relief or corrective action being requested. **Protests before award** shall be filed five (5) days before the solicitation due date, and **protests after the award** shall be filed five (5) days after Award Announcement (see below for details). The following steps shall be taken in an attempt to resolve the protest with the vendor:

Step I Purchasing Manager and Division Manager of solicitation try resolving matter with protester. All available facts will be considered and the City Purchasing Manager shall issue a decision. This decision shall be delivered in writing to the protesting vendor.

Step II If unresolved, within three (3) business days after receipt, the protest may be appealed to the Department Head by the Purchasing Manager.

Step III If still unresolved, within three (3) business days after receipt, the protest may be appealed to the City Manager (or his designee). The City Manager shall make a determination in writing to the vendor.

Grounds for Protest

Only protests stipulating an issue of fact concerning the following subjects shall be considered:

- A matter of bias, discrimination, conflict of interest;
- Solicitation unduly constrains competition or contains inadequate or improper criteria;
- Errors in computing score;
- Non-compliance with procedures described in the solicitation or City Policy.

Protest Determination

Each review and determination of the protest shall issue a decision that either:

- Finds the protest lacking in merit and upholds the award; or
- Finds only technical or harmless errors in the acquisition process and determines the City to be in substantial compliance and therefore reject the protest; or
- Finds merit in the protest and provides options for correction, including, but not limited to, correcting the errors and re-evaluating the bids, reissuing the bid to begin a new process, or entering in to a contract that remedies the protest finding; or
- Makes other findings and determines other courses of action as appropriate.

Timeframe

Only protests and complaints received within the required timeframe for protest action are accepted for consideration.

Award Announcement

Purchasing shall announce the successful bidder via City Website, e-mail, fax, regular mail, or by any other appropriate means. Once the announcement is released by Purchasing, the protest time frame begins. The timeframe is not based upon when the vendor received the information, but rather when the announcement is issued by Purchasing. Though every effort will be made by Purchasing to distribute the announcement to the interested vendors, Purchasing is not responsible to assure that vendors receive the announcement. It is the responsibility of the vendors to obtain the announcement from Purchasing.

Award Regardless of Protest

When a written protest against making an award is received, the award shall not be made until the matter is resolved, unless the City determines that one of the following applies:

- The supplies or services to be contracted for are urgently required;
- Delivery or performance will be unduly delayed by failure to make award promptly;
- A prompt award will otherwise be advantageous to the City.

If the award is made, the file must be documented to explain the basis for the award. Written notice of the decision to proceed shall be sent to the protester and others who may be concerned.

The City retains the right to enter into any contract and nothing herein shall be construed to limit that authority in any manner.

41. Qualified Bids

The General Terms and Conditions and Supplemental Terms and Conditions included in this bid document will govern the performance of the work. No other terms and conditions will be accepted. Bids that are conditioned in any way, or Bids that take exception in any way to the City of Yakima's General and Supplemental Terms and Conditions, may result in the Bid being considered non-responsive.

42. Proprietary Material Submitted

Any information contained in the bid/RFP submitted that is proprietary must be clearly designated. Marking the entire bid as proprietary will be neither accepted nor honored. If a request is made to view a vendor's bid, the City of Yakima will comply according to the Open Public Records Act, Chapter 42.17 RCW. If any information is marked as proprietary in the proposal, such information will not be made available until the affected vendor has been given an opportunity to seek a court injunction against the requested disclosure.
